## Message from the Leadership Team

Why do we travel? Why did we join Friendship Force? Probably because we love to experience some place different, interesting, exciting, beautiful. But, along the way we found that what we most enjoyed and remember is our interactions with the people we meet in these "exotic" places. It is this that drove many of us to join Friendship Force.

Recently Friendship Force International's actions have caused many of us to question our membership in Friendship Force. Since there is no other organization that offers the opportunity for intimate interactions with people of diverse cultures. I personally have come to the conclusion that Friendship Force is worth my membership for another year.

Speaking for all members of the board, we promise that we will monitor and evaluate Friendship Force International's new initiatives and actions. We will do our best to keep all of you informed.

-- A gift you --

Since there is enough money in our budget this year, we are able to wave the annual Utah club fee which is around \$10 each.

**Looking forward to seeing you January 20.**

**We had a great Holiday Party in December  
at the Bombay Palace in Murray!**  
A BIG THANKYOU to Jeanne and those who helped her!

Under Rosalie and Donna Mirabelli's direction, we played a game called Right/Left "Tis the night Right before Christmas!". Everyone participated and we had a great time! We all went home with a goodie bag and the best thing in them was a knit hat.

I asked Rosalie where the hats came from and she said, *"Donna and I provided lots and lots of yarn to a contact who gave it to the Utah State prison where inmates (mostly men), knitted them into beautiful hats! We also had friends knitting hats. Who knows--Donna and I may have even knitted a few of those also."*

Thank you!
